**Rug Number** D348-CU-1341

image not found or type unknown

**Title** Oversize Antique  
Persian Heriz Serapi  
Rug

**Description** 13ft 10in X 20ft 08in

**Size** Serapi's combined design elements borrowed from many traditions. The bold geometric designs are probably connected to the tribal Caucasian traditions across the Aras River to the north. The elegant court carpets of Tabriz to the west certainly would have influenced the weavers' understanding of balance and the central medallion format.
